CALLA LILY VILLA, FLORIDA GUESTS COMMENTS (via e-mails) 2011 – so far...

In January this year we stayed at a lovely villa in Calla lily cove.

When we arrived at the villa I was really impressed by the lovely decor and the cleanliness of the villa.

The villa was in a lovely position with a south facing pool looking over the lake. We enjoyed watching the wildlife especially the ducks and numerous birds.

Over the years we have stayed in some lovely villas and I must say that this villa was one of the best. Hopefully we will be able to come back soon.

Best wishes Jean @ Derek Wilkinson

We had a wonderful time at Calla Lily, everything was super. We left a couple of fold up chairs, cutlery, plastic plates etc. behind, hope that's ok? We had a really wonderful time and I'm sure it's not the last time, the whole family really enjoyed themselves

Best regards

Evy

Hi Niki,

Thank you for everything leading up to our stay. We had a wonderful time staying at your property. We were just wondering if everything was the way it should have been when we checked out.

Thank you,
Susan and Brian

Niki, Thank you soo much for the stay. We had a great vacation! Parents are even talking about possibly 2weeks next year! Also I had left for use of future renters a car seat you will find in closet under stairs. Thanks again Charlene

Dear Niki

Thanks for your reply to my query. I can confirm that Calla Lilly was lovely, indeed the children loved the pool so much we almost did not need the park tickets.

Hi ya, we loved our stay at the calla lily villa, villa was superb, pool was fantastic and lovely being able to sit in the jacuzzi watching the ducks on the lake, even got to see cranes with there baby and a rather large alligator that we took pics of from inside the villa lol. It was also a great location as not far from anywhere that we wanted to go. We would all recomend this villa and our ages range from 5 to 68 so for a wide variety of people, my 5 year old nephew took to jumping in the pool saying this is the best holiday in my life so i am pretty sure he loved it to lol. If we ever return to florida we would definately stay there again, thank you so much.
