Thank you for a lovely holiday. The house was great and the kids got plenty of use of the pool and running about eating your cheese!

Dinan is beautiful, as was St. Malo and our favourite beach was at St Cast. 6 - guildo. We were never stuck for good family-friendly places to eat in Dinan, Dinard or St Malo.

Thanks again.

Thank you for letting us use your lovely house, the best we have ever stayed in (we have stayed in plenty). It is very much like home from home, all the special touches make such a difference, and thank you for making us so welcome.

We love your house, pool & garden and had a fantastic time. We hope to come again.

As our two weeks have come to an end. What can we say that hasn't already been said about this lovely house - it made the world of difference to our holiday, so comfortable and so clean. Well done Niki and Rob - first class all the way! A super area to explore - St Cast and Dinard for beaches - Dinan or Rennes for shopping, Lamballe for horses, Cancale for great oysters and Moncontreux for a medical experience! A massive variety of things to do and places to visit. Good food everywhere - Cancale for seafood especially! And at the end of each day this lovely house to return to! We have just had another holiday at this wonderful place. Two weeks of (mostly) glorious weather. Where else can you pick 'your own' peaches, apples, pears, walnuts & blackberries and sit eating them looking at such lovely, peaceful views.

All the places we visited before were just as great, plus a few more we hadn't seen.

Thank you Niki & Rob for letting us share your lovely holiday home.

Time to head back home - a short stay but a wonderful one. Had a great time with our family enjoyed your farmhouse very much. All our needs catered for - wonderful weather made our stay even better than it would have been that Wales beating Canada 42-17, we're Welsh of course. Thanks for all the little touches - it makes all the difference.

With very best wishes

A warm, sunny Sunday morning - so having coffee in the garden of your comfortable and well equipped farmhouse.

We love this area, and have enjoyed visiting Dinard, St. Malo, Dinan. The weather has been kind, (once the early morning fog had lifted!) - and we've eaten really well both out & here in the house.

Many thanks - Pimp + Danny MacGormack

Congratulations Niki & Rob,

You've found a little piece of paradise here at 'Les Touches', not only a fantastic home with everything you could possibly need, but surrounded by so many wonderful places of interest. Mon St. Michel, St. Saviours Church, Dinan and its architecture & breathtaking views of the coast, only begins to say "we will be back!" Best wishes
