Hi Niki,

What a beautiful villa!! We have loved every minute, as we went the week before half-term the kids had the pool almost to themselves that first week and thought it was fabulous!

It is so well equipped - I was amazed to find birthday candles in the kitchen drawer as Rebecca turned 9 whilst we were there so they came in handy.

Oakwood were fantastic, Mehmet arranged for a driver to take us out for the day (Young Harry was a star!) and they picked us up from the villa at 10am and we got back at 8.30pm - it was well paced and we got to visit everywhere we wanted rather than being stuck to the timescale of a pre-arranged day-trip. (The kids thought it was hysterical when I fell in the gorge.....)

Mehmet came to the rescue once again when Rebecca had to go to hospital with ear problems, he took us there, explained the problem and came back to pick us up afterwards, I can't thank him enough.

I would recommend the villa to anyone thinking of going to Turkey and would definitely book it again if we are lucky enough to return.

Many thanks for all your help in making our stay so enjoyable

Julie, Nick, Daniel & Rebecca Lane

Hi Niki

I can't think of anything else that would have made the villa more comfortable, everything we needed was there. We would certainly recommend your villa to any friends who were considering going to Calis.

Thanks
