PRICES OFFERED MAY DIFFER FROM THOSE SHOWN

## DALYAN

This is truly one of our most popular tours, and we will travel by airconditioned coach. When we arrive at Dalyan you will board the boat and cruise along the river passing the ancient city of Caunos. Photographs are a must as you pass the wonderful Lycian Rock Tombs. We will arrive at the

famous Mud Baths, where (if you believe in the fable) you will come out looking 10 years younger. Dalyan is the second largest beach in Turkey, you can relax and achieve a golden tan while playing in the Mediterranean waters. If you are lucky you may dance with the Caretta Caretta (the loggerhead turtles) who still breed here. This is truly a wonderful memorable experience and not to be missed.

## TLOS / SAKLIKENT & YAKAPARK

As recommended by The Daily Telegraph:

Take a magical trip to the Lycian civilization of ages ago in Tlos. We will stop at the Trout farm for lunch. Later visiting Saklikent with the largest gorge in this region where you may jump into the freezing mountain waters if you wish. The walk up the gorge is highly recommended or you may relax and wait on the special wooden pedestals subbed in the waters of the hidden gorge. A peaceful relaxing day out.

## EPHESUS & PAMUKKALE

An overnight excursion. After breakfast on arrival we visit Ephesus which is the famous biggest ancient site in Turkey is waiting for you. The famous Library of Celcius, the Roman baths, the Amphitheater and unforgettable antiquity to be seen. Then off to Pamukkale known as the "Cotton Castle" which is a natural wonder and formed by thermal springs containing calcium carbonate. Overnight stop in a 4 star airconditioned luxurious hotel in Pamukkale. On the second day after breakfast you will have the chance again to explore the hidden wonders of Roman times in Hierapolis before going to Pamukkale where upon you relax in Cleopatra's pool with a small extra charge. Swimming among the Roman ruins. Then before we start our journey back home to Fethiye we visit the carpet factory to see experts at work and the magnificent finished products of the silk and wool carpets.

## PAMUKKALE

After breakfast on the way, we arrive at Pamukkale that is a "must" for anyone's holiday. It is a natural wonder of the world. You can see the snowy scenery at 40C although there is no ice or anything cold except the aircondition of our coach. We first visit Hierapolis. Then move on to our main stop the "Cotton Castle". They are formed by thermal springs containing calcium carbonate that have created limestone and natural pools. After lunch you may like to see the skills of the carpet weavers in action. Taking home with you the memories of a nice day.
